Rainbow Quilts for Scrap Lovers (Part 2 of 2)

Many quilters have a variety of fabric scraps
that don't seem to coordinate together.

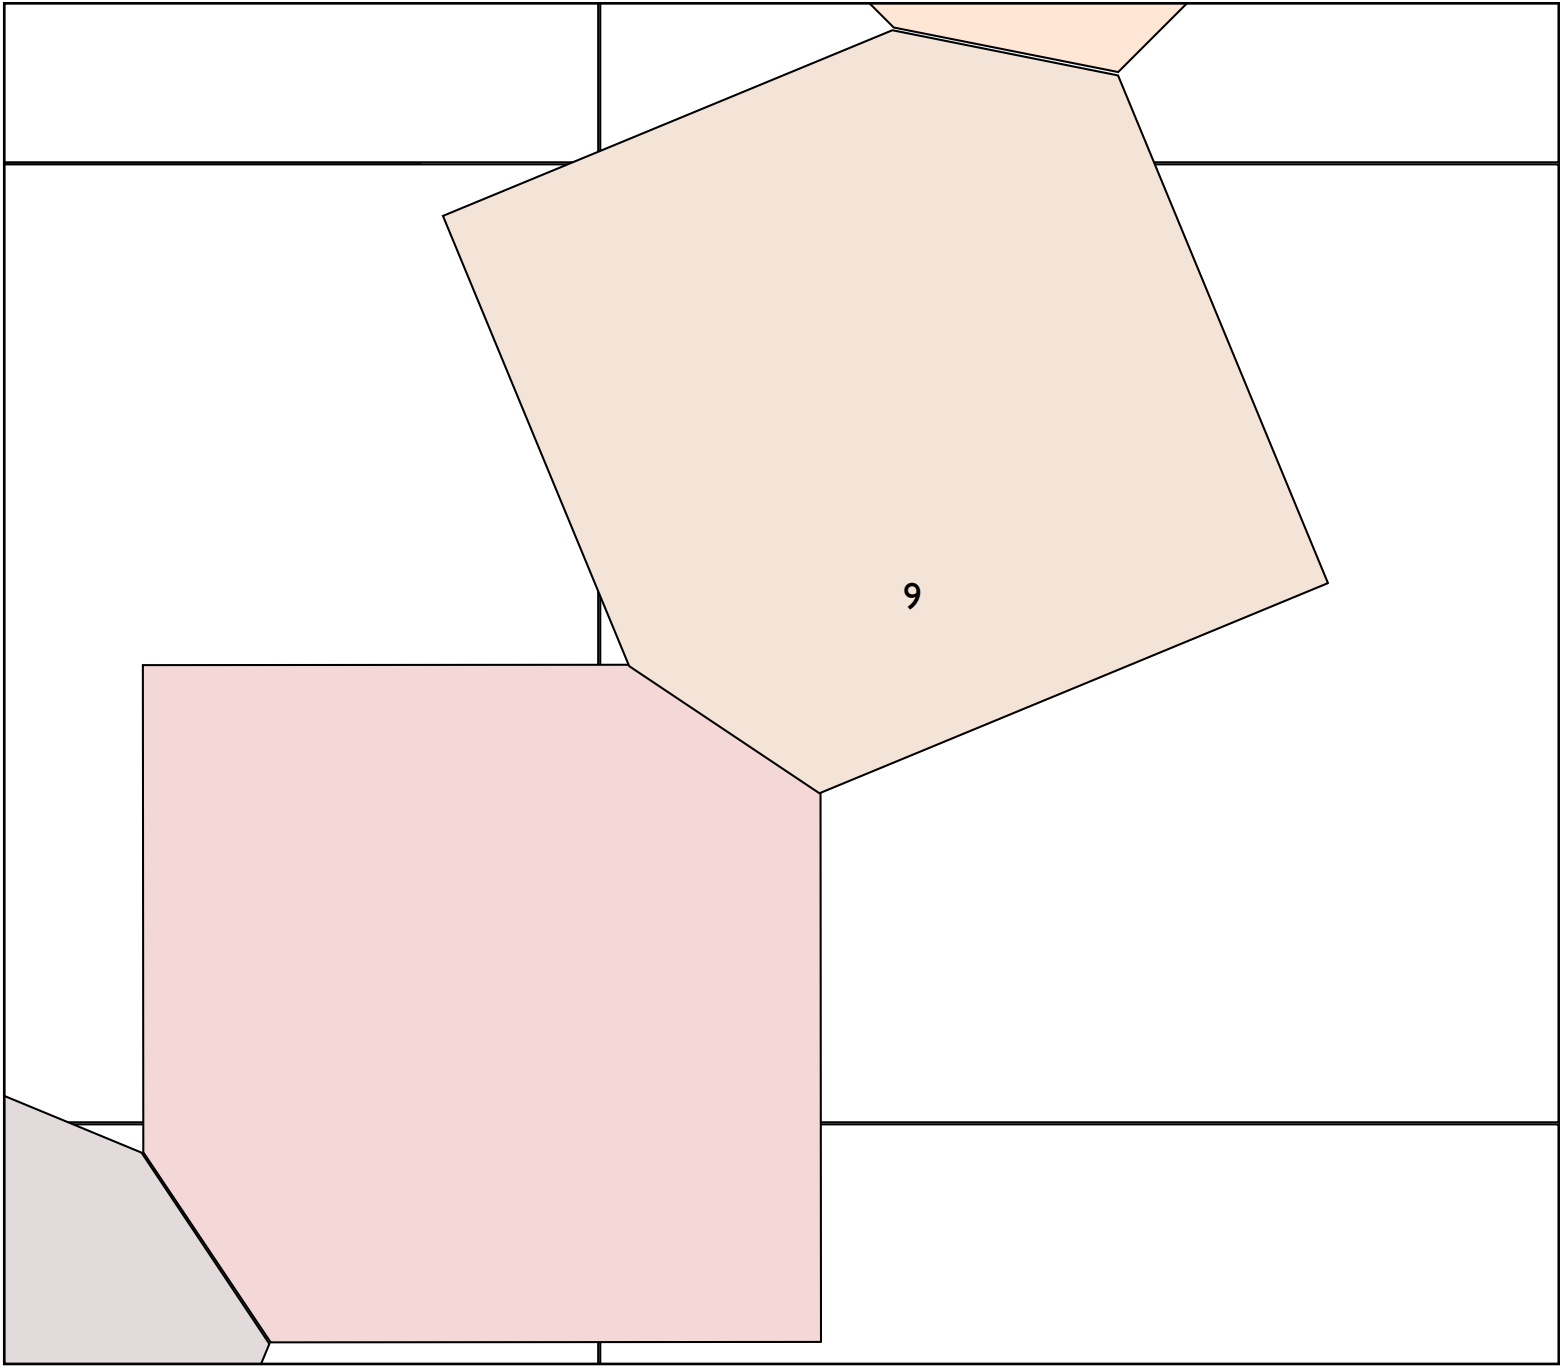

Nancy Zieman's guest,

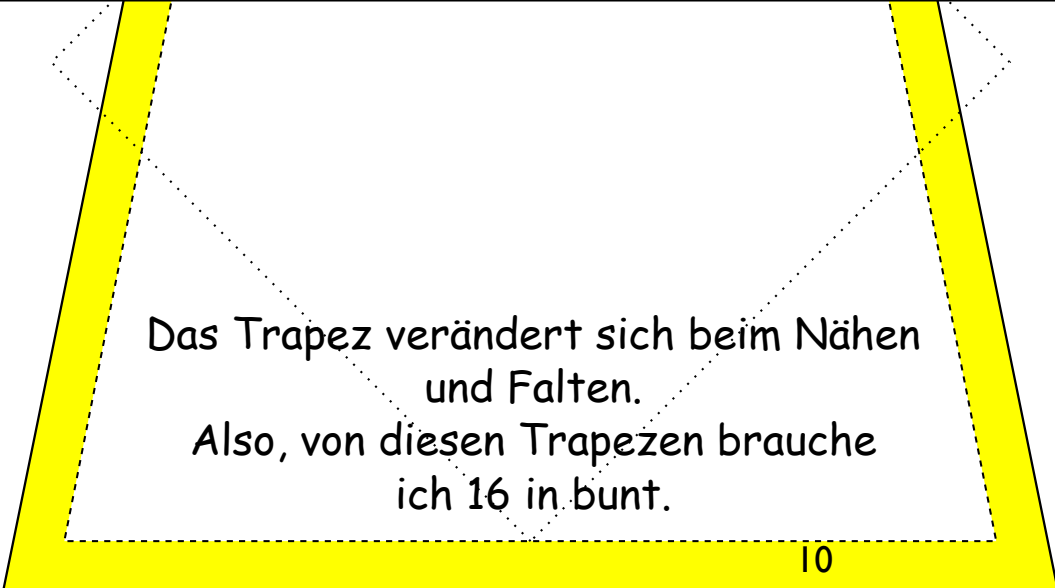

Judy Gauthier,

introduces viewers to a system
of making scrap quilts that incorporates all sizes,
shapes, and prints.

Learn the "spacing" technique of
separating colorful fabrics to keep them
from fighting and how to sort fabrics
by intensity for best results.

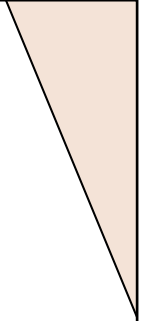

Dieser Quilt heißt **Aromatic Rings**.

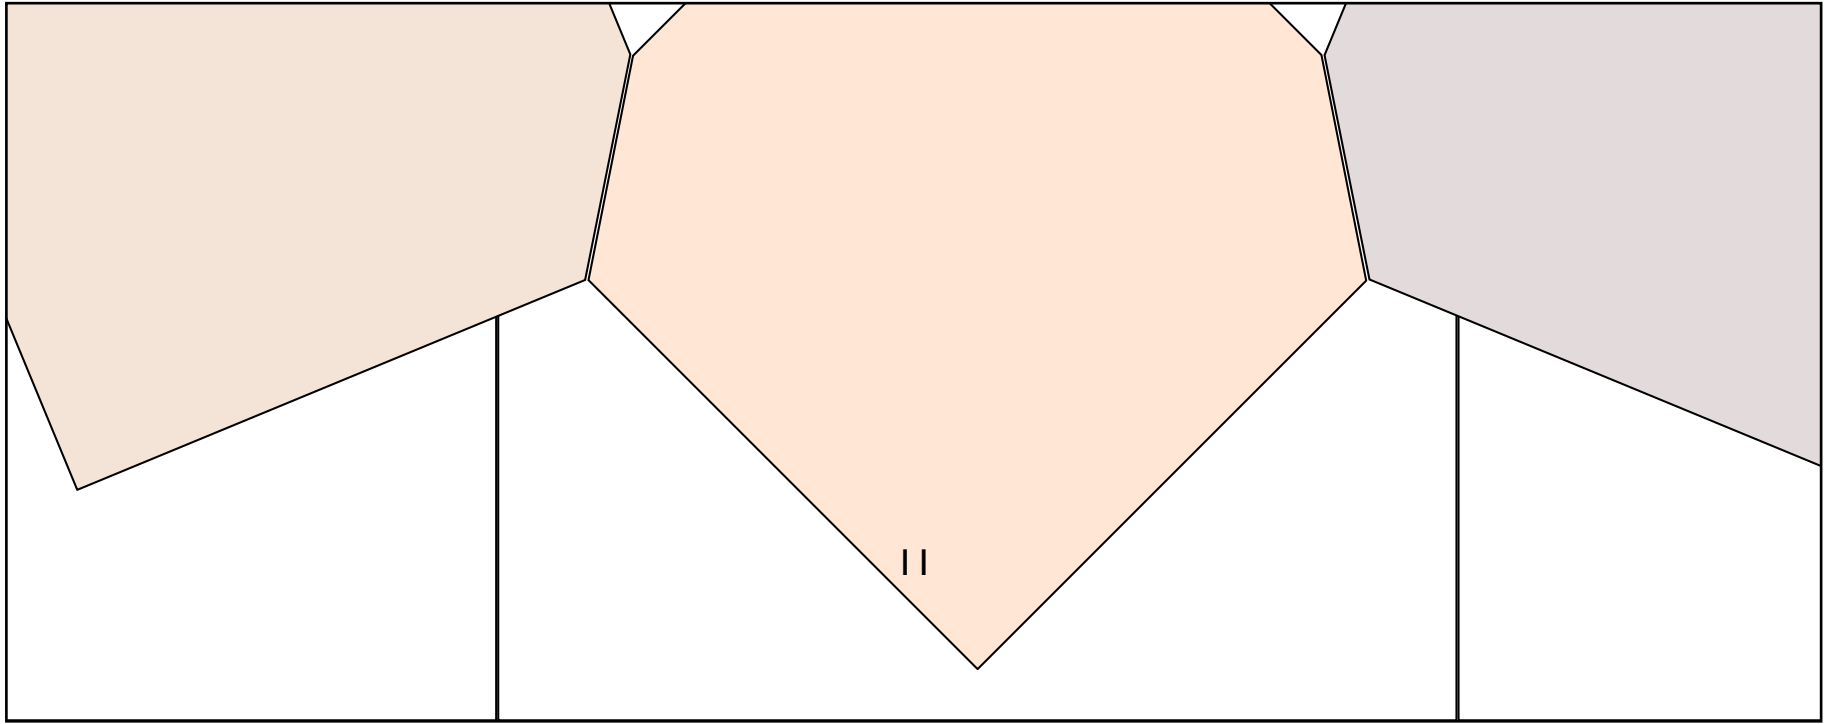

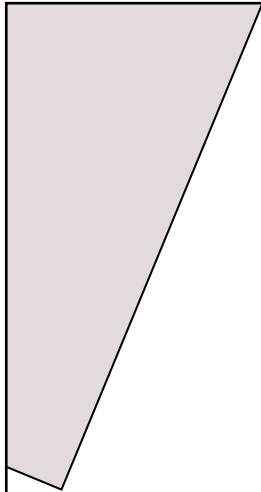

Das Trapez verändert sich beim Nähen
und Falten.
Also, von diesen Trapezen brauche
ich 16 in bunt.
